FROM PATRIOT TO ENTREPRENEUR, LEGENDS CREATE LEGACIES.

LaPorte has always been rooted in a family heritage of craftsmanship, a love of learning and an enjoyment for life. Working alongside his father, CEO Darren LaPorte learned at a young age the value and importance of innovation, perseverance and the wellbeing of people.

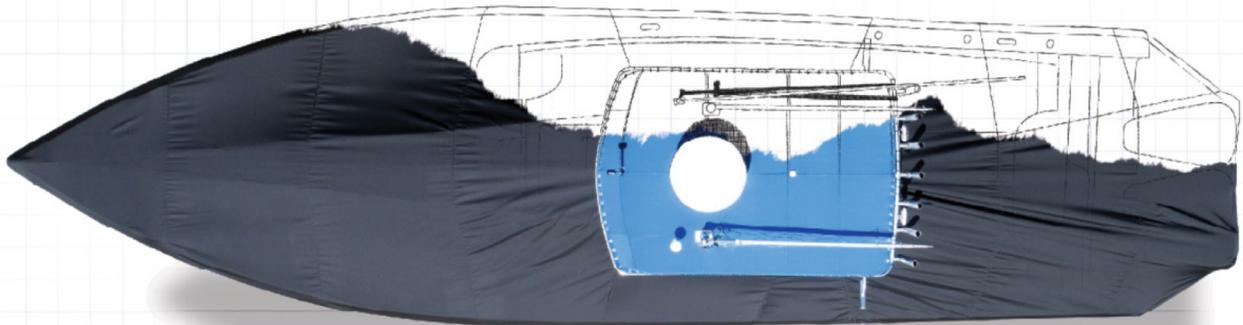

Darren's passion for a relaxed lifestyle and the marine industry inspires him and his talented team every day to engineer products that not only define spaces, but that are customized to fit the unique needs of their customers. LaPorte is founded on the principle of providing quality service and products so that time spent on the water is focused on one thing—enjoyment.

Relax, you're covered by LaPorte.

02

CRAFTING A BETTER COVER

HOW WE BUILD THE “TAILORED SUIT” OF BOAT COVERS.

The LaPorte name is synonymous with expertly crafted, custom boat covers—a reputation it’s held since its founding in 1976.

A LaPorte cover is simply different. The secret behind the perfect fit of a LaPorte cover is a legacy of smart design. It’s a fusion of state-of-the-art software, quality materials and dedicated craftsmanship honed by years of experience. We use 100% polyester materials with solution dyed technology that avoid transferring or bleeding color to the boat.

Prior to leaving our facility, each expertly crafted LaPorte boat cover is thoroughly inspected to ensure every seam is stitched perfectly and each component is completed to the highest quality standard of LaPorte.

LAPORTE™

T-TOP BOAT COVER

03

Cleaning your boat after a trip is hard enough without having to clean it again before going out. Not only does your Custom T-Top Boat Cover allow you to spend more time on the water, your investment is protected by a durable cover—custom fit to your specific boat model.

Our lightweight covers are uniquely designed with webbing straps and adjustable clips that allow for easy positioning and a secure fit on a wide range of T-Top frames. Being able to install or remove the cover in as little as five minutes makes covering your boat an easy one-man job. While the LaPorte T-Top Cover is not made to be used in the water, they are designed however, for storage on Trailers, Boat lifts, Dry Stacks and Jet Docks. A zipper on either the port or starboard side of the boat allows you to always have easy access to the interior of your boat. Knowing it can be breezy around the water, each cover has tabs sewn at the bottom allowing you to connect sand-bags or tie down straps, making sure your cover is always secured.

LAPORTE™

T-TOP CENTER CONSOLE CURTAIN

04

For boats stored in the water or being used frequently, our T-Top Center Console Curtain provides the protection needed for the essential area of a center console boat. The T-Top Center Console Curtain can be used while in water, on lifts, trailers, floating docks, or dry stack facilities. Encompassing the whole center console, T-Top Center Console Curtain can provide protection from the rear of the helm to the front of the console.

Our T-Top Center Console Curtain is offered in three color selections in nine-ounce fabric. Expect the same high-quality fabric as our T-Top Boat Covers with a semi custom fit. Each T-Top Center Console Curtain is designed to hang 6 to 8 inches below the bottom of your T-top to allow proper ventilation throughout your center console. You can also use the T-top Center Console Curtain for a changing station or protection during pop-up rain showers.

LAPORTE™

CENTER CONSOLE BOAT COVER

05

If your boat doesn't have a T-top, our Center Console Boat Cover offers the complete protection you need with all the same benefits as our T-Top Boat Covers.

Our Center Console Boat Cover has three color selections to choose from and its manufactured in our nine-ounce fabric. Each cover has a lightweight design that allows airflow and breathability after install to prevent mold and mildew. Whether your boat is on a lift, dry stack, floating dock, or trailer, Center Console Boat Covers offer easy installation and can easily be accessed via either a port or starboard side zipper.

BOAT SHADE KIT

06

Looking for an economical and versatile way to add shade to your boat? Our LaPorte Boat Shade Kit is designed specifically for center console or walk-around style boats.

Our LaPorte Boat Shade Kit is made from Resilience, an expandable material that utilizes a patented reflective coating that reflects up to 75% of the heat and blocks out 95% of UV rays. LaPorte Shade Kits are not permanently attached, so they can be easily moved around to provide shade in the area you need it most. Installing is an easy one-person operation, so you can be ready to relax in the shade within minutes.

LAPORTE™

HARBOR SHADE

Looking for an economical and versatile way to add shade to your Cruiser, Yacht, or Sport Fishing boat? LaPorte's Harbor Shade is a great way to protect you and your family from the sun. LaPorte's Harbor Shade is made from an exclusive expandable material called Resilience, it looks, feels, and stretches like Spandex. It has a patented reflective coating on the topside to reflect up to 75% of UV heat, while blocking out damaging UV rays.

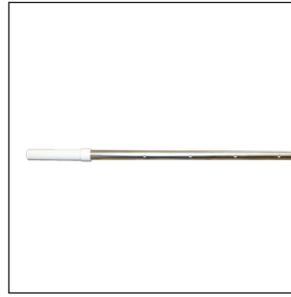

LaPorte Harbor Shades are custom made for each specific make and model boat, this will ensure that your shade fits properly. Attention to detail goes into every shade to make sure that you receive a quality product that will protect you, your friends and family for many years to come. Your Harbor Shade will help keep you cool so that you'll enjoy hanging out on the dock or out on the water longer. To keep your Harbor Shade in excellent condition remove it after each use and store it in the high-quality storage bag that is provided.

**Tie down set**

10' webbing straps designed to help hold your curtain or cover in place.

**BSK Pole Securing Straps**

Grommeted straps to lock shade and telescoping poles down while underway on your boat.

**BSK Telescoping Poles**

Telescoping poles that adjust from 42" to 72" and fit into a standard rod holder.

**BSK Storage Bag**

Carry bag offered for our BSK. The polyester material is lightweight and breathable.

**Sandbags**

Designed to hold the cover down in windy conditions while on a lift.

**Universal Storage Bag**

Keeps your cover or console curtain from getting dirty when not on the boat.

**SeaSucker Vacuum Cups**

For hard top boats that need a connection point for webbing straps.

**BSK 5' Webbing Straps (Sold in sets of 5)**

These offer a way for Boat Shade Kit users to customize and adjust the way that they install the product.

**BSK Velcro Clean Up Tabs**

Our Velcro straps offer a way to clean up excess webbing strap that may have been left hanging.

**Mate Series Cup Holders**

Mate series combination rod and cup holders allow you to add rod holders for the installation of a LaPorte Boat Shade Kit while also giving you the benefit of having more cup holders.
